

Waitākere College Rules and Expectations

LET COMMON SENSE BE YOUR GUIDE! NOT KNOWING IS NOT AN EXCUSE!

Learning and Behaviour:

- All students have the right to benefit from uninterrupted learning, just as all teachers must be able to teach without disruption or lack of cooperation.
- All students must respect and support these rights by taking personal responsibility for their own behaviour, showing respect for staff and fellow students and promoting a positive learning experience.
- Outside of class work and assignments should always be completed and presented to a high standard and submitted on time.
- In all circumstances, students **MUST** do as requested by staff immediately and without question. (There are opportunities to seek clarification later from staff members, Tutor Class teachers, House Leaders and Deans)

Attendance:

- **Attendance and punctuality are important. Students should attend school every day** and be punctual to school and all classes. Explanation is required for all absences and lateness. This can be done via Caregivers on *SchoolBridge* OR notes written in the student planner. **Truancy is regarded seriously** and dealt with by disciplinary consequences or referred to official agencies. Serious truancy may lead to legal action.
- **NO student may leave the College campus during the school day without being signed out from the STUDENT CENTRE.** (Now located opposite Accounts)

Wherever possible, appointments should be made outside of school hours.

Regardless of the reason for exit on *SchoolBridge*, it is the caregivers responsibility to ensure the student knows the time to report to the STUDENT CENTRE to sign out. We are in most cases not able to get a message to the student in this instance. If it is an emergency the Caregiver must call the college directly and **NOT** put on *SchoolBridge* or call the student directly.

Day-to Day Routines

- ✓ **No student should bring any item to school which is not absolutely necessary** during the normal school day. This applies particularly to all prohibited, dangerous or valuable items including illegal or restricted drugs, vapes and paraphernalia.
- ✓ **Prohibited items may be impounded by staff** and returned to parents when possible and convenient. Take care of **and name all personal items**. Some lockers are available. (details from the Student Centre)
- ✓ **The school takes no responsibility for any such items** brought to school which are lost or stolen.
- ✓ **Students must not invite or encourage outsiders into the College.** Students should not associate with outsiders on campus or at boundaries. Parent/caregiver access to their child must be through the Student Centre.
- ✓ **Students are not have food or other items delivered to the school at anytime.**
- ✓ **Students are not to congregate on their way to or home from school** in parks, at shops or any other place. You should come directly to school and go directly home. Where this is not happening, parents will be contacted. This is a matter of safety and good sense and important to the impression made by students on our community.
- ✓ **Some areas of the College grounds are out of bounds.** Students must be aware of these areas and not be in them. Out of bounds areas are not suitable for students for safety reasons or are limited to certain types of use.
- ✓ **It is College policy that students must have permission** from the Associate Principal if they wish to bring a motor vehicle to school. Permission is granted based on genuine need. Normal license conditions apply.
- ✓ **A clean environment is a shared responsibility.** Please assist by picking up litter even if it is not yours, especially when asked to do so. Litter is unacceptable. There are many bins. Please use them.
- ✓ **Eating or drinking is not permitted in the Library, Classrooms, the Gymnasium or the Assembly Hall.** Chewing gum is not permitted on the school grounds.

PUT AWAY FOR THE DAY

✓ **PUT AWAY FOR THE DAY – Cell/mobile phones, earphones, ear-buds, music players and iPads MUST be turned off and safely stored in your bag or locker at all times once you arrive at school; exception is only where use is authorised by staff for curriculum purposes.**

4 STEP GUIDELINE

1. Your teachers will greet you at your classroom door and expect to see you putting your phone (turned off)/headphones in your bag.
2. If seen in the first few minutes of class, you will be told to put away your phone/headphones in your bag.
3. If seen at any time after this, your phone/headphones may be confiscated until the end of the period/or until the end of the day.(end of day pick up is outside Ms Passi's office)
4. Continued disrespect may result in a longer confiscation of your phone/headphones or a stand-down.

Parents will still be able to contact their child/tamariki through the existing school processes in the College via the Student Centre 09 8367890 Ext 872. In Lockdown/Evacuation situations, contact with parents/whānau will be by website, text, and email from the college. No student calls are necessary.

What happens if you break rules of respect for others, classroom expectations or behaviour?

- In classrooms, teachers may ask you to fill out a form to reflect on what has happened and to understand how you might have behaved to meet expectations. They will discuss this with you. This is called a **restorative practice**, because it tries to restore things to where they should have been before you caused a disruption in the classroom. The key thing is for you to see that you have harmed the learning of others and to prevent this occurring in the future. Most minor incidents can be resolved between teachers and students when they occur if you participate in respectful and sensible discussion and accept responsibility for your own actions.
- **Around the school grounds**, staff and senior students may tell you not to do something which breaks our common expectations of acceptable behaviour, safety or respect for people and property. Behaviours, actions and symbols that undermine the culture of the school will not be tolerated and will be addressed. In some cases, there are consequences for unacceptable behaviour.
- **Where problems continue or are not resolved or where more serious issues occur**, the matter is often referred to your Dean and may also involve parent/caregiver contact.
- **Restorative Justice Conferencing** is used in more serious cases, bringing together everyone affected by the behaviour. Typically the families of the wrongdoer, any person harmed, the teachers concerned, guidance staff and senior staff may also attend. Everyone gets to speak as to how the matter has affected them. The wrongdoer gets to see how their action has affected others and to examine how they might make the situation right for the future.
- **Waitākere College increasingly uses restorative thinking** to enable students to accept responsibility and resolve situations.

The Questions and Process -

What should Students ask themselves?

- | | |
|--|---------------|
| 1. Tell the story - What happened? | What |
| 2. Explore the harm - Who do you think has been affected? In what ways? | Affect |
| 3. Repair the harm - What needs to be done to put things right? | Repair |
| 4. Move forward - How can we make sure this does not happen again? | Move |

It is the responsibility of students to know and follow all uniform regulations.
